“ Billy, Heather & Family,

I was very saddened to hear about Sandy. I'm sure you have wonderful memories to keep her with you forever.

Billy, we shared many great times together as young couples. And, you & I actually worked together oh so many years ago.

Heather, I only remember you when you were a very young child, and so beautiful. I'm certain you've grown to being a wonderful young lady.

I spent some fun times with Sandy's mother, sisters, spouses, & children. What a great family - they always made me feel so welcome.

My thoughts & prayers are with you.

“ Sandy and I also graduated from high school together, but we became much closer in the following years. We became more than cousins, we became good friends as well.

Sandy was the first one to teach me... if you are going to dye your hair get it done professionally!! Wish I knew that before I used "Summer Blonde" and fried my hair at the end of my senior year. Anyway... she fixed it... and for decades to come my hair always looked great and it was because of Sandy. Also, she came to my house the day I got married and not only did my hair, but all of my bridesmaids and flower girls. They were very impressed that my very own private hair stylist made a house call. Of course my hair looked fantastic and all of the others said their hair never looked better than it did that day.

Bill & Heather although years have gone by and we drifted apart as often happens, I hope you know how much I care about both of you and love you. Bill, I think we always had a very similar sense of humor and that most of our times together we spent laughing and having a great time. Heather, you were the light of your mother's life. She was so proud of you and as you continue your path in life you will continue to make her proud.

“ To the family of Sandra, my sincere felt sympathy, I went to school with Sandra, and we were best friends, but time, and life got in the way of staying friends.

I have such good memories of going to High School, she was the only friend I had that had a car, I will miss her, but the old memories will live on.
