“ To my sister Donna, you left us to young. I now know how you were suffering. I was always here for you, I am going to miss you so much, I feel lost you went so fast. I'm glad you did not suffer and you left me quickly. No matter what we will always be sisters and we could conquer anything life threw at us. Please have peace !! I know you will always watch over me. I only wish that you will not suffer anymore. I will always have you in my heart
