“ *R.I.P Babe It's been a year today and you've been gone it feels like yesterday I miss you so much and Roxi does too I wish you would have listened to me maybe things would be different but who knows.*

It also is our 6 year anniversary this week witch makes it even harder you are my best friend my fiancé and my soul mate we I remember the first time I saw you we were 12 and at a St. Stans dance you were wearing blue plad Gap shorts with a navy blue t-shirt when I got the courage to talk to you I knew we were going to end up spending our lives together sounds crazy but true we dated our whole lives with some time off here and there but like they say if you love them let them go and if they come back they were always yours and if they don't then it wasn't meant to be and we were definitely meant for each other I love you and miss you every day Heidi you were and are an angel
