“ Loretta, I just tried calling you but your phone is not in service. I wanted to say how sorry I am to learn this year 2025 that your dear daughter, Ann Marie had passed almost 4 years ago and now I learn you, Loretta have passed on almost a year ago. The times that our paths intersected, you were smiling your contagious smile. I admired your strong will, loving devotion to your family and remember in my earlier years how well you helped to care for your own mother. You were a joy in action. As both you Loretta and your dear daughter Ann Marie approach another year that you both have left this world, may you both share many heavenly times together and with your many loved ones who have left this world as well. Your time here in this world made it a better place. Love the Trainor Family
